About Morden College

Morden College is a charity dedicated to supporting older people, providing them with residential care and residential nursing care if the need arises. We are a strong community, committed to enabling those we support to have the highest quality of life, for the rest of their lives. In April 2019, our care services were graded Good in all 5 CQC inspection area ratings and we have been granted Hospitality Assured status.

We will provide you with free uniform, free onsite parking, and other benefits.

About the Role

Morden College is looking for people to work as Night Registered Nurses on a casual basis with a variety of shifts available from Monday to Sunday. Our Bank Registered Nurses are involved in providing high standards of nursing care to all residents within Cullum Welch Court Care Home, carrying out an agreed plan of care and assist in the ongoing assessment, development and evaluation of care needs with none of the pressures of hospital nursing.

About You

You will be friendly, approachable and caring with good communication skills and the ability to work on your own initiative or within a team. Some practical clinical experience in a care setting with the ability to deliver planned care are essential to be successful in this role as well as having a genuine interest in working with older people.

Having current registration with the Nursing and Midwifery Council (NMC) and knowledge of the Care Quality Commission (CQC), NICE medication guidance and the Care Act 2014 are also important. A cheerful, friendly and flexible approach, with enthusiasm, commitment and imagination are valued as much at Morden College.
